clap?". Wait for children to respond ("Two!").		you clap the same number o	f times
4. Continue playing using different numbers of claps.			lid you
	4. Continue playing using di	fferent numbers of claps.	

TIPS FOR PLAYING

- In addition to clapping, you can use all different types of motion. Children can jump, spin, stomp, or whistle the number of times that you clapped.
- To start, focus on numbers one to five. Then, when children are ready for more challenge, try numbers up to 10.
- To keep the game going, you can have the children take turns leading.

WHAT CHILDREN ARE LEARNING

• Children are working with a lot of mathematical ideas. They listen to the claps and determine how many claps. They hold that number in their head while they count their own claps up to that number. And finally, they label the claps with a number word, like "two" or "three."
